

FREQUENTLY ASKED QUESTIONS

Q. Is it common for the council to set up a rigorous review of the tour and activity plan or have our unit submit a plan anytime we meet other than at our weekly meeting place?

A. Most of the time, the council knows the local conditions, common tours, and activities. Policies are based on those known risks.

Q. Where can I find the paper version of the tour and activity plan?

A. Click on [this tour and activity plan link](#) . Please use this format if you have a unit without access to [MyScouting](#) . We are encouraging everyone to use the online system.

Q. Where can I find the tour and activity plan online?

A. You will need to log in to www.myscouting.org  and select the tour and activity plan under your “Unit Tool.”

Q. Is there a training program to show me how to complete the tour and activity plan online?

A. Yes, please watch this interactive video if you have questions. [Watch video now.](#) ([Download video](#) )

Q. What if my trip or activity is as a council contingent or is an OA activity?

A. Contingent planners can either use the paper version of the [tour and activity plan](#)  or the tour leader can record the plan under his or her primary unit affiliation and council, adding in other adult leadership as needed.

Q. What, if any, transition period is available?

A. If you previously completed a tour plan, it is still valid. You should start using the updated tour and activity plan immediately; all other paper versions are obsolete.

Q. Why can't I see tour and activity plans on my MyScouting account?

A. The most common reason for not seeing tour and activity plans in your MyScouting account is that your member ID is not attached to your MyScouting account profile. Please contact the National Service Desk for assistance.

A second common reason is that your registration (position code) does not support the permission for the application. The application is not available to individuals registered only as merit badge counselors, Scout parents, or Tiger Cub adult partners. Please contact your unit leadership if you would like to update your unit position. [Click here for a list of unit positions with tour and activity plan access.](#) 

Q. Why change the tour permit?

A. This update replaces the former “online” tour permit with an interactive planning tool that allows you greater flexibility. It is the first phase to the online version—with more enhancements to come.

Q. What is the difference between a tour permit and the online version?

A. Several items. With the online version:

- ✿ The unit leadership certifies the plan.
- ✿ The local council reviews plans but does not approve them.
- ✿ An email workflow can be used to notify the council, chartered organization, committee chair, and emergency contact that a plan has been submitted for review.
- ✿ It contains interactive prompts and warnings.
- ✿ It provides active links to program-required training and education.
- ✿ It provides the ability to store, retrieve, copy, and reuse previously submitted tour and activity plans (not applicable to permits).
- ✿ It provides the ability to update the plan up until the day before the tour and activity date.

Q. With the older version, we had a “permit” to take with us. What do we take now?

A. You can print a tour and activity plan summary at the end of your submission. Copies can be made if needed for your unit, emergency contact, parents, etc.

Q. What materials do I need to complete the online version?

A. You will need the following:

- ✿ Leadership contact information
- ✿ Vehicle information
- ✿ Description of the activity
- ✿ Travel itinerary

Q. Is planning and preparing for Hazardous Weather training required for all tours?

A. Yes, it has been required for all tours since Jan. 1, 2009. It should be repeated every two years and is appropriate for not only adults, but Boy Scout-aged youth as well. A CD is available for use at your unit, district, and council events where Internet access is not available. Search for item number [610642](http://www.scoutstuff.org) at www.scoutstuff.org.

Q. What should we use for permission from parents?

A. The [Activity Consent Form and Approval by Parents or Guardian](#) is an appropriate resource.

Q. Do I need anything else if we are going on a discovery flight?

A. Yes, please complete the [Flying Plan Application](#) along with an [Activity Consent Form and Approval by Parents or Guardian](#) (for each participant).

Q. With whom do I discuss why we are required to have certain training before we do certain activities?

A. We suggest that program and qualified supervision requirements be discussed with your unit leadership, unit commissioner, district commissioner, or district executive—in that order. The tour and activity plan does not set these requirements, policies, or guidelines; it is a tool to help unit leadership identify qualified supervision requirements for the planned program. The [Guide to Safe Scouting](#) is a good compendium of information to start your research with as well. It contains information on training such as [Safety Afloat](#), [Safe Swim Defense](#), and [Climb On Safely](#).

Q. What should I tell the parents in my unit, who always question why they have to furnish insurance or driver information for their vehicles?

A. We suggest that you review the [Scouting Safely](#) alert on [insurance information](#). For auto liability,

the coverage provided by Scouting is secondary when those vehicles not owned by the Scout Council are used for an official Scouting activity. We get many reports that parents want to exclude their information since they are transporting their own children to and from an event. Recognize that in this scenario, the official Scouting activity for those youth and their parents would not start until arrival at the location and would end when they left the location; their travel is not an official Scouting activity.

Q. What kind of insurance coverage does the BSA provide for the Scouting program?

A. We suggest that you review the [Scouting Safely](#) alert on [insurance information](#).

Q. Do we really need an Annual Health and Medical Record, No. 680-001, for all participants?

A. Yes, and while this is a frequently asked question, it is not a new policy. Information on the Annual Health and Medical Record, including FAQs, can be found at this [link](#).

Q. What are the common issues why my tour and activity plan would be defective or require me to update it before we conduct the tour or activity?

A. Common deficiencies reported by councils that have reviewed many of the PDF versions of the tour plan suggest the following:

- ✿ There are no registered adult leaders.
- ✿ [Two-deep leadership](#) requirements are not met.
- ✿ Both male and female leadership for coed activities is not present.
- ✿ Qualified supervision is not identified for high-risk activities.
- ✿ Training is not completed for the planned program.
- ✿ [Youth Protection training](#) is not current.
- ✿ Hazardous Weather training is not current.
- ✿ The itinerary is incomplete.
- ✿ Travel plans include excessive mileage or travel in a 24-hour period.
- ✿ There are not enough vehicles identified to safely transport the tour.
- ✿ The planned activities are unauthorized.
- ✿ The plan was submitted after the activity or with no lead time.
- ✿ There is incomplete or inadequate insurance information for the tour or flying plan.

Q. What must be included in the emergency roadside kit?

A. The type of emergency roadside kit needed can vary depending on, for example, where you live, where the unit is traveling to/from, or the season (summer, winter). An emergency roadside kit may include items such as a reflective safety vest, tire jack and lug wrench, jumper cables, emergency flares, triangle reflective warning signs, fire extinguisher, flashlight with extra batteries, shovel, work gloves, space blanket, bottled water, whistle, basic tools (e.g., wrenches, multitip screwdrivers, and pliers), and a utility knife. You may choose to build your own emergency roadside kit or purchase one from a local general or hardware store.

Q. We don't know who the commercial carrier or charter bus driver will be for our trip, so what do we enter for driver and insurance information?

A. Enter the name of the company and make sure the commercial carrier provides you with proof of insurance: \$5 million CSL for 16 or more passengers or at least \$1.5 million CSL for vehicles designed to transport nine to 15 passengers. It is not expected that this information will be furnished for commercial airline transportation.
